APNIC 43  
1 March 2017

# IANA Numbering Services Review Committee

- CRISP proposal for the stewardship transition of the IANA functions (from US Government to Internet community):
  - **Service Level Agreement (SLA)** between RIRs and ICANN
  - **Review Committee** to advise and assist NRO EC in its review of the services provided by ICANN/PTI to the numbers community under the SLA
- Main function is to report any concerns regarding ICANN's performance of services under the SLA (including observed failures or near-failures)

# IANA Numbering Services Review Committee

- Must submit at least one report annually to the NRO EC (after seeking feedback from the numbers community)
- Must conduct its activities in open and transparent manner, and through a public mailing list

# IANA Numbering Services Review Committee

- Review Committee comprises 15 members:
  - 2 community appointees from each RIR region
  - 1 RIR staff from the region
- Each RIR will:
  - appoint its own Review Committee members by its own method
  - determine the term of appointment
- APNIC region – APNIC EC decided that for 2017, the two community appointees to the Review Committee will be the two elected NRO NC (ASO AC) members
